

## Drill Rig Mechanical Fitter

Australian Exploration Engineering is a key player in the Australian drilling market, specialising in the design, manufacture and refurbishment of exploration drill rigs and associated equipment.

We are currently seeking an experienced Mechanical Fitter to assist in the assembly, maintenance and repair of our client's drill rigs. The role is a full-time workshop based position currently in Redcliffe with an upcoming purpose-built facility under construction in Forrestfield expected to be operational in late 2022.

It is a long-term role and will see the successful candidate join a reputable company.

### **To be considered for the positions you MUST have the following:**

- Trade Certificate.
- Previous experience working on exploration drill rigs preferred.
- Commitment to Safety with a proactive approach to your work.
- Time management and self-motivation.

### **The Role:**

- Assembly of new drill rigs and equipment.
- Maintenance and repair of customers drill rigs and associated equipment.
- Always ensure a safe working environment, always being proactive with OH&S practices and procedures.
- General maintenance tasks as required.

### **The Candidate:**

- Sound knowledge of drilling rigs and equipment.
- A strong understanding of diesel engines, hydraulic pumps and air compressors.
- Understanding of maintenance systems and procedures.
- Excellent communication skills.
- Diesel Fitter or a Mechanical trade qualification essential.
- Forklift and Overhead crane ticket preferred.

### **What we offer in return:**

- Competitive remuneration with the option to work salary or on penalty rates.
- Relaxed workplace culture.
- Flexible/family-friendly working hours.
- Profit share incentive scheme.
- Employee of the month awards.
- Ability to attend social events.
- Opportunity to further education and career development.
